Ontario, Canada • 647-575-1744 • chinazorfredrick@gmail.com • linkedin.com/in/fredrick-okafor

I am a Full Stack developer leveraging JavaScript frameworks for frontend and .NET for backend to build and maintain innovative software applications that help businesses grow and that impact people's lives.

Skills C#, .NET Core 3.1, .NET 6+, ASP.NET MVC, Blazor, REST API, HTML, CSS, JavaScript, Bootstrap, TypeScript, JSON, React.js, Vue, Angular, Microservices, Git, GitHub, GitLab, CI/CD, Docker, Kubernetes, Entity Framework Core, Jenkins, Dapper, RabbitMQ, Hangfire, MSTest, NUnit, xUnit, Selenium, Azure, Azure DevOps, Redis, PostgreSQL, MS SQL Server, MongoDB, Postman

WORK EXPERIENCE

Software Developer – Aza

Lagos, Nigeria

Apr 2023 – Mar 2024

- Rearchitected Aza's backend service and added new design patterns that slimmed down codebase size and shot up performance efficiency by 300%.
- Increased unit and integration tests coverage by 60% leading to high-quality and performant code that was less prone to bugs and errors.
- Migrated Aza's codebase and workflows to Azure DevOps ensuring seamless task distribution to team members, and optimum code output vetted with CI/CD pipelines.

Tech stack: C#, .NET 7, REST API, JSON, Git, CI/CD, Docker, Entity Framework Core, Hangfire, xUnit, Azure, Azure DevOps, Redis, PostgreSQL, Postman

Software Developer – Atto (formerly DirectID)

Edinburgh, Scotland (Remote)

Nov 2021 – Nov 2022

- Implemented a cutting-edge React.js application that boosted customer onboarding rate, and an MRR increase from 10% to 73% between Q2 and Q4.
- Built new features, and wrote unit and integration tests that increased the performance of Atto's Microservices backend from 40% to 85%.
- Implemented services in Azure, and maintained existing ones by ensuring seamless DevOps operation.

Tech stack: C#, .NET Core 3.1, .NET 6, ASP.NET MVC, REST API, HTML, CSS, JavaScript, TypeScript, JSON, React.js, Microservices, Git, GitLab, CI/CD, Docker, Entity Framework Core, Jenkins, RabbitMQ, NUnit, xUnit, Azure, MS SQL Server, MongoDB, Postman

Software Developer – Decagon

Lagos, Nigeria (Remote)

Jul 2020 – Aug 2022

- Championed the requirement gathering, planning, and development of Monolith, and Microservices backend applications from scratch for different clients resulting in overall satisfaction on their part.

- Built a WinForms application for a financial institution and React, Vue, Angular, Blazor, and WPF applications for several clients, leading to 100% satisfaction.
- Led and mentored about 40 developers, overseeing their professional growth, which resulted in all of them being employed.

Tech stack: C#, .NET Framework, .NET Core 3.1, ASP.NET MVC, Razor pages, Blazor, REST API, HTML, CSS, JavaScript, Bootstrap, TypeScript, JSON, React.js, Vue, Angular, WinForms, WPF, Microservices, Git, GitHub, GitLab, CI/CD, Docker, Kubernetes, Entity Framework Core, Dapper, RabbitMQ, MSTest, NUnit, xUnit, Selenium, Azure, AWS, Azure DevOps, Redis, PostgreSQL, MS SQL Server, MongoDB, Postman

Software Developer – Voodoo Park

London, United Kingdom (Remote)

Nov 2021 – Jan 2022

- Added security, and software features for a legacy WinForms application which improved performance gain by 70% and satisfaction on the part of the client.

Tech stack: C#, WinForms, REST API, Git, GitLab, MS SQL Server

Full Stack Developer – Fresible

Lagos, Nigeria

Nov 2016 – Dec 2017

- Developed multiple web applications for clients which expanded their online presence to 100%, and generated more revenue for them.
- Built secure, scalable REST APIs with .NET Core that integrated with web applications, and wrote unit tests with MSTest, and NUnit to ensure a bug-free production code base.

Tech stack: Node.js, C#, .NET Framework, ASP.NET MVC, REST API, HTML, CSS, Bootstrap, JavaScript, TypeScript, JSON, React.js, Vue, Angular, Git, GitHub, MSTest, NUnit, PostgreSQL, MS SQL Server, MongoDB, Postman

EDUCATION

Masters, Computer Science

2017 – 2019

Bachelors, Electronic & Computer Engineering

2010 – 2015

CERTIFICATIONS

Microsoft Certified Professional

Microsoft

Microsoft Azure Fundamentals

Microsoft

LANGUAGES

English, French
